# Create teams and spaces to manage all your communication and collaboration needs

## Team

A team is a group of people who are connecting for a longer-term community, a larger project or business objective.

Each team has a space called **General** that everyone belongs to.

You can add any number of additional spaces to the team to divide up projects or priorities within the team.

## Space

A space is a group of people who have been invited to work together.

Spaces typically have names that describe what they're for or are named after the people in them if they're one-on-one.

A space can either be standalone or associated with a team. They can grow or shrink as needed.

# Create a team

In GoCo Collaboration, teams help you keep everything organized by categorizing multiple Spaces under a common theme

## Step 1

Go to **Teams**.

## Step 2

Choose the **Plus** icon, name the team, and click **Create**.

## Step 3

Use the search bar to add team members. Enter a name or email address and pick from the results list. People get added to the General space automatically, but then can join any team spaces on their own.

## Step 4

Click **Create**. To create more spaces for the team, click **Create a space** and add the space name.

The screenshot shows a 'Create a team' dialog box. At the top, it says 'Create a team' and provides a brief explanation: 'Organise spaces for a group of people with a similar goal. A team could be your department or the people you work with on a project.' Below this, there are two input fields: 'Name the team' and 'Describe the team (optional)'. Underneath these is a search bar with a magnifying glass icon and the text 'Add people by name or email'. In the center, there is an illustration of three people in a video call. At the bottom, there are two buttons: 'Close' and 'Create'.

# Create a space

In GoCo Collaboration, you can interact 1-1 or you can collaborate with a group of people using spaces.

## Step 1

Click the **+** sign next to the Search field.

## Step 2

Click **Create a space**.

## Step 3

Type a name for your space.

## Step 4

Enter the names of people you want to invite.

## Step 5

Click **Create**.

## Tip:

Create a 1:1 space with a co-worker or client to have conversations, meetings, and share files anytime. Create 1: many spaces to share files, chat and meet with your teams to keep project velocity at top speed.

**Making things happen  
with messaging  
and search**

# Powerful messaging

## @mention

To grab someone's attention @mention their name. They will see @ against the Space, showing that their name has been tagged.

## Edit messages

Made a typo? Not a problem, simply hover over your message and click Edit message. Then, make your changes and click update. After you update the message, you'll see (Edited) next to it in the space

## Send someone a message

You can easily contact internal or external people using the chat panel for 1:1 interactions or group communications in spaces.

Type the name of the person or space in the Search field. Click the person or space name. Type your message and press the enter key.

## React to messages

Want to add a quick reaction to a message? Hover over the message you'd like to react to and click the Add reaction icon.

## Give your message some personality

You can customize your message by formatting the text, inserting emojis and gifs, or adding attachments and screen captures.

## Answer a specific message in a thread

Slide your mouse above the message and use the arrow option.

# Sort messages

To help zoom in on priority items and avoid information overload, simply click the Filter icon and select:

**Notifications:** Shows a list of all spaces where you have notifications selected and something new happened.

**Unread:** Shows all unread messages.

**Favorites:** Shows a list of all spaces you marked as favorites.

**Hidden:** Shows all of your hidden spaces. Hidden spaces no longer show in your spaces list.

**@mentions to me:** Shows a list of all messages you have personally been @mentioned in.

**@mentions to all:** Shows a list of all messages where everyone was @mentioned in spaces you are a member of.

**Threads:** Shows a list of threads within chats and spaces.

**Flags:** Shows a list of all messages you've flagged.

**Drafts:** Shows a list of your drafted messages.

# Search messages, files, and people

Thanks to the advanced search feature, you can easily rediscover people, spaces, messages, and files.

## Search for people or spaces

Start typing the person or space name into the **Search** field.

## Search for content in a chat or space

If you are looking for a chat message or file, click the **Search** icon within the chat or space. Then enter the keywords or document name in the search field.

### Tip:

If needed, refine your search by first typing one of the following:

- **In:** Enter the name of the space and choose a space from the list.
- **From:** Enter the person's name and select the person from the list.
- **With:** Enter the person's name and select the person from the list. The results include spaces you are in with this person.

# Starting and answering calls

You can start video and audio calls with individuals from 1:1 spaces.

## Start a call

There are different ways to call in GoCo Collaboration. One easy way is to:

## Step 1

Click the Search field.

## Step 2

Start typing the name of the person or space you want to call.

## Step 3

Click the name of the person or space in the results list.

## Step 4

Click the Audio Call or Video Call icon at the top right of the space.

## Answer a Call

When you receive a call, you'll see a notification allowing you to:

- Answer: To take the call.
- Decline: If you can't answer now.
- Message: If you want to answer with a chat message instead.

# Starting meetings in a space

You can start a meeting directly from a space. Need to escalate from messaging to a meeting? You can also initiate an ad-hoc meeting just by clicking **Meet** in your space.

All team members that have “Smart Notifications” set up will get a ping that their team is meeting!

And the green meet button will appear next to the space.

They only have to click to join in!

**Tip:** Any member of the space can start the meeting.

# Invite someone from within a call

When a call is running in a space, you may wish to invite someone as a guest but not add them to the space. To do this when on the call:

## Step 1

Click the "..." icon in the meeting window.

## Step 2

Click **Invite guests to meeting**.

## Step 3

Type the name of the person you want to invite or their email address.

# Co-create with whiteboarding and screen sharing

Whiteboards are powerful and simple tools to convey visual ideas and brainstorm on projects. Within GoCo Collaboration you can share whiteboards both during and outside a meeting.

## Within a meeting

### Step 1

Click the "..." icon in the meeting window

### Step 2

Click **New whiteboard**.

### Step 3

Use the annotation tool to draw on the whiteboard. You can also continue an existing whiteboard previously shared in the space.

## Outside a meeting

### Step 1

Click the space where you want to share the whiteboard.

### Step 2

Click the **Content** tab.

### Step 3

Click **Whiteboards**.

### Step 4

Click **New whiteboard**. Alternatively, you could reopen a whiteboard already shared in that space.

### Step 5

Use the annotation tools to draw on the whiteboard.

### Step 6

Click the **Share** icon.

### Step 7

Click **Post snapshot** for your whiteboard to appear in the chat thread.

Tips and Tricks

# Spaces tips and tricks

## Add an external participant to a space

You are not limited to communicating with only your organization. Invite external contacts like vendors or customers to collaborate with you in spaces using their email. You can keep track of what spaces have external contacts by the icon in the lower right corner.

## Add a space to your favorites list

You can be more engaged in some spaces than in others. To keep a closer eye on those spaces that truly matter, you can add them to your favorites list by clicking the star in front of the space name.

## Add integrations to your space

You can see directly in the GoCo Collaboration space if someone added something new in your CRM, or updated specific documents in Dropbox. To get all the information you need in one place, jump to the [Webex App Hub](#) to check the available integrations. Can't find what you need? Jump to [developer.webex.com](https://developer.webex.com) to build your own.

## Forward messages

Sometimes you see a message in one space and want to share it with people in another. You might be chatting directly with someone, but something comes up in that conversation that you'd like to discuss with others.

## Check people status

Knowing if people are available is important when you need to communicate with them. With GoCo Collaboration, just use the **Search** field to find someone and hover over their picture to get more information.

Picture appearance	Status
	Green border—Active in the last 10 minutes.
	No border—Active in the last 24 hours.
	Translucent profile picture—Not active for more than 24 hours
	Airplane—The out of office reply is set in Microsoft Outlook
	Moon—Do not disturb.
	Video—In a meeting or on a call. Can't be seen when using the mobile app.
	Sharing—Sharing a screen or application. Can't be seen when using the mobile app.

## Turn on announcement mode

What if you need to dispatch information to an audience without a long thread of reactions? Switch on **Announcement** mode so only the moderators can post in the space.

### Step 1

Click the **Space Information** icon in front of the space name.

### Step 2

Click Moderate space.

### Step 3

Click Moderate.

### Step 4

Click the Space Information icon in front of the space name.

### Step 5

Click Turn on announcement mode.

### Step 6

Click OK.
